## New Location for Raoul Baker's Latest Movie.

Weston-super-Mare is the latest seaside town to see the juggernauts of the Hollywood movie industry roll into town. Parked up on the town's Beach Lawns they make an impressive sight.

The suave actor Raoul Baker is said to be filming today at The Bay café and inside The Tropicana. Rumours are circulating that the structures seen inside what was once the swimming pool area are not to do with the movie but are in fact part of a Banksy show allegedly called *Dismaland*.

Whatever the truth fans of Baker are certain to get a glimpse of their dapper hero.

## FLYNN MATTHEWS ON NORTON

Poster boy for Celebrities Against Drugs (CAD) film actor Flynn Matthews will be back in London and on Graham Norton's show next week to talk about their latest campaign. Since he joined the organisation it has gained respect among the drug rehabilitation community raising more than a £1million for a revolutionary drug rehab treatment.

Matthews has been vocal in his disdain for the nefarious industry surrounding the arts however in recent months whisperings of his own struggle with illegal drugs have emerged in Hollywood. His agent, Grant Sturridge, states there is no truth to these rumours.

Although still a heartthrob his recent weight loss is said to be due to the hard schedule set by director, Levi Fent on the set of Matthews's last movie, *Pounding*. It's certain to be a topic of conversation on Norton's show, more light hearted than hard hitting but one never knows. Norton has an uncanny way of getting to the truth. *Landers Brau*

## TV STARS IN SECRET RENDEZVOUS

Stanford Street soap actors Damon Dench and Tulip Carson were spotted in a chaste embrace just hours after Dench released a statement saying his marriage to wife Candice was strong and rumours of a split were unfounded.

His wife has not tweeted since last week and is said to be mending her broken heart with friends. Neither her husband or Carson were available for comment at the time of print. *Leigh Dart*
