

Matthews Mitchell Marriage Massive Mistake

Hugh Jenson

Last night Twitter exploded as actor Flynn Matthews, heart throb and drug addict, hit the website with a series of tweets from his London pad. At his side in bed was partner in crime Ellie Mitchell.

His last tweet, depicting a revealing photo of a dishevelled Ellie wearing one of his rings on her engagement finger with the words *I'm so going to marry this woman*, nearly broke Twitter as his crazed fans lamented at such a thought saying she was not good enough for the 25-year-old.

And they were not alone. Flynn's publicist was not available for comment however his parents did speak to us and they did not hold back on their assessment of her.

"Eleanor Mitchell is nothing more than a limelight seeking, money grabbing, drug supplying whore who has taken advantage of our son when he is at his most vulnerable. We regret not giving in to her heinous demand for £50,000 in exchange for leaving Flynn alone. We will do our utmost to save our darling son from her."

Dramatic words however let's look at the evidence:

*In October this year Flynn is found at Mitchell's flat in a drug intoxicated state. He's collected by his parents and admitted to rehab. Newspaper stories claim Mitchell is his drug supplier.

*Mitchell continues to make headlines with naked photos as her sordid love life catches up with her leaving a trail of betrayals, broken marriages and love triangles in her wake.

*With Flynn fresh out of rehab he and Mitchell are involved in a drug fracas in the Gent's toilets at Leicester Square's Odeon cinema. A man is hurt and Mitchell narrowly misses being charged with ABH.

*Mitchell lives in rent-free luxury dividing her time between Flynn's Bristol penthouse and his London apartment.

With that kind of evidence, it's hard not to draw the same conclusions as Flynn Matthews's parents.

Flynn's fans, known as femme fatales, believe that their idol was well and drug free before he had the misfortune to meet Mitchell. Many tweets reveal that they can't understand what the handsome hunk sees in her. Plain, ugly, pointy, badly dressed, sulky, miserable are just a few of the less than complimentary words used to describe the 20-year-old Bristol University student.

Despite the criticism levied at Mitchell Flynn seems determined to be with her. Closer inspection of his tweets reveals hints of elopement for this wedding.

Gretna Green possibly or maybe some secluded island in the Caribbean. Whatever happens Mitchell, daughter of a baker, has well and truly landed on her feet.

And Flynn seems well and truly smitten proving that age old saying that love is truly in the eye of the beholder.
